

# Wandearah Word

To know Him and to  
make Him known

## I John 2:5-8 Mirror Translation

Whoever treasures the logic of God's authentic thought, has his agape-love fully realised in its most complete context. This is what our association and this union in Christ is all about! It is in this place of consciously abiding into the awareness of your oneness that your conversation unveils the same fellowship with the Father that Jesus enjoys, and results in a daily walk that mirrors his; one of living your life in the full benefit of it! My beloved family, I know that the words I write to you here may not immediately remind you of the precepts of Moses; this does not mean that it is a new doctrine, it is the ancient conversation that echoes God's voice prophetically! It is indeed the very conclusion of the word, which you have heard from the beginning! And yet it is a glorious new message that I am writing to you! You may ask, "How can that which is old, also be new?" Herein is the secret of its newness: whatever is true of Jesus is equally true of you! The days of the dominance of darkness as a reference to human life, are over! The true light surely shines with bold certainty and illuminates your life, as it is unveiled in Christ.

- If you would like a copy of the service, please see the person on the sound desk.
- The time after church is a great time to fellowship and we would appreciate it if everyone could bring something to contribute for morning tea.

Silence Breakers is a LIVE and  
online 12 week lifestyle training  
and equipping course.

After dynamic teaching and  
practical training, you will be  
invited to move out of the four  
walls and immediately break the  
silence by sharing the gospel with  
others. See Wendy Joyce for  
more info.
